Ready for the Argument.

In the Circuit Court at Mountsville yesterday the testimony in the ejectment suit of Orum vs. Eskey was finished, and the court adjourned till this morning, when the argument will be heard. The case occupied the whole day's session yesterday.

Transfers Recorded.

Clerk Hook yesterday admitted to record two deeds of trust and a deed made October 11, by Jane Munnell, of West Alexander, Pa., to James M. White, of Ohio county, W. Va., for \$200, about one acre of ground between the Hempfield pike and the Hempfield railroad, adjoining lands of William McCutcheon.

Frederick Vieweg Surprised.

Mr. Frederick Vieweg, the groceryman, tried to keep quiet the fact that Monday was the anniversary of his birth. But about forty of his friends of both sexes remembered the day and surprised him at his home in the evening. He was captured and taken to Teutonia hall, where the evening was spent in dancing and a general good time. Killmyer furnished the music. A special electric motor had been engaged for the North Wheeling folks, and at two o'clock the party broke up.

A Fire and an Accident.

About 1 o'clock yesterday afternoon flames were observed in the roof of a house on Eighteenth street, owned and occupied by Casper Riddle. An alarm was rung in and the department responded promptly, but its services were not needed, the fire having been extinguished by neighbors. While running to the fire Willie Egan, a twelve-year-old boy living on Woods street, got too close in front of a horse, and its fore hoof struck him a severe blow on the head, knocking him down in front of the wagon, which ran over him, hurting him seriously but not dangerously.

Julia Marlowe.

This charming and gifted actress, the foremost on the American stage to-day, and the only one playing the classic dramas on the road, will appear at the Wheeling Opera House this evening as *Juniper*, in Shakespeare's drama, "*Cymbeline*, King of Britain." This play has not been seen here for a long time, and will have to the average Wheeling theatre goer all the charm of novelty, while Miss Marlowe's personality will give it additional charms not seen in any dramatic performance in this city certainly since Mary Anderson last appeared here. The advance sale of seats at House's music store is so large as to assure a crowded house, and those who desire to witness this, the leading local dramatic event of the season, in comfort, will be wise to purchase seats early to-day while some choice ones remain unsold.

Irene Kent.

The sale of seats for the engagement of this promising young star at the Opera House Friday and Saturday evenings and Saturday afternoon, will open at C. A. House's music store this morning. The company supporting her is said to be first class, and she herself, though the youngest star on the stage, has made a decidedly favorable impression wherever she has appeared.

"The Boy Ranger."

The Grand continued another good audience last night to see Frank I. Frayne in "*The Boy Ranger*." The entire company is good, especially W. J. Mills, who is one of the best quick change artists seen here in a long time. This afternoon there will be a matinee for ladies and children. Children will be admitted to the matinee for fifteen cents. This evening closes the engagement.

Fun Coming.

Manager Genther's next attraction at the Grand Opera House will be the New Peck's Bad Boy Company, who will appear on next Friday and Saturday, October 23 and 24. Messrs. Griffin & Wilson, the managers, have had the play entirely rewritten and improved, have introduced new characters and are carrying the strongest company of comedians ever with the play. The specialties are bright and catchy.

Gratifying to All.

The high position attained and the universal acceptance and approval of the pleasant liquid fruit remedy, Syrup of Figs, as the most excellent laxative known, illustrate the value of the qualities on which its success is based and are abundantly gratifying to the California Fig Syrup Company. BAW

## ENTERTAINING SPORT

Enjoyed by a Good-Sized Crowd on the State Fair Grounds.

### SEVERAL LIVELY SPEED EVENTS

Cause a Good Deal of Enjoyment for the Spectators—Everything Goes in the Way of Pools and Book-Making—Lots of Money Changes Hands.

A crowd of at least two hundred people, ladies and gentlemen, gathered at the State Fair grounds yesterday afternoon under the murky sky, to witness some amateur sport in the way of horse racing. There has been for some time an animated discussion going on among the young bloods about town as to who has the fastest horse. Those who had sufficient confidence in their horses to back them with their cash repaired to the fair grounds with their friends and admirers of horse flesh generally. The various events were announced for two o'clock, by which time a good crowd was gathered, several carriages being in the quarter stretch.

Col. Bill Exley was the starting judge and Messrs. L. V. Bronx and Frank Stamm the other judges. Messrs. Charles Hancher and Andy Hamilton acted as time-keepers, while Harry Wheat sold pools and George House was as glib tongued a book-maker as is often seen on this or any track. The track was heavy, and the time therefore slower than the horses could have made. There was a good deal of money changed hands on the various events, the spectators generally showing better nerve than judgment.

The race between the horses of William Ellingham, Billy B. driven by Dr. Reefer, and John M. Sweeney, resulted in a victory for Billy in two straight, the winner coming in on the second heat on a jog. The time was 3:02 and 2:58. The other "principal equestrian event" was between the steeds of Alf Rheinstrom, Capt. Tom Heskett and Mr. Chas. Hancher. Harry McClure rode Rheinstrom's entry, Dan Heskell Hancher's and Capt. Heskett his own. Mr. McClure took the race, winning the first, fourth and fifth heats, with Capt. Heskett's second, he having the second and third heats and being second in all the rest. The best time was 3:02.

After the last heat Mr. Andrew Sweeney's bay mare and Mr. Levi Cassell's sorrel gelding, driven by Mr. Hamilton, gave an exhibition mile dash, Mr. Sweeney winning in two minutes.

It is a rare day at the State fair that affords as much sport, and an event of this kind ought to inspire the managers of the fair to offer a purse for local horses.

When the horses were done with the track Mr. Sweeney, superintendent of the city electric plant construction, and Mr. Franzheim, the architect, ran a foot race. Rather they started one, which was to have been a quarter of a mile, for \$5 a side, but before he had gone the quarter Mr. Franzheim pegged out and had to be hauled to the pole in a buggy.

THE \$100,000 TERMINAL BONDS.

The Matter of the Rate of Interest left for the County Board to settle.

The finance committee of the Board of County Commissioners met at 3 o'clock yesterday afternoon to consider the details of the bonds to be issued to raise the final installment of \$100,000 on the county's subscription of \$300,000 to the capital stock of the Terminal company. Judge Cochran, president of the company, was also present, and a considerable time was spent in discussing the loan in all its aspects. The threatened injunction was also referred to, and it was the general impression that if one is applied for, which there is now reason to hope will not be done, the most serious injury it could do would be to delay the issuing of the bonds and payment of the money. As soon as the question got into court the money would quickly be ordered paid. The main matter discussed by the committee was the rate of interest at which the bonds ought to be issued. There was a suggestion that in view of the fact that the city will shortly have about \$70,000 of six per cent. bonds to sell, and has just sold \$80,000 worth, it would not be worth while to try to float these bonds at a less rate than that, but several members of the committee said they had talked with bankers and others, and that there was a very general belief about in financial circles that in January the bonds can readily be marketed at 4 1/2 per cent. They will be a pretty good investment at that, as they are exempt from county taxation. The rate was finally left undecided, the Commissioners to decide it at a meeting to be called to-day at 10 a. m. for the purpose of considering the ordinance prepared by the committee yesterday. The number and denominations of the bonds, and the date they are to bear, and other minor details were fixed upon, and the committee did not finish this work till nearly six o'clock.
